

05/10/10 - Ice Melter

NEAR ZERO ICE MELT

NEAR ZERO Ice Melt is a high-performance, low-corrosion de-icing product used to clear snow and ice from roadways, walkways, driveways, and parking lots. NEAR ZERO is used extensively by retail consumers, state and local governments and commercial de-icing companies as it delivers faster melting speeds and environmentally friendly qualities. Designed for general use on sidewalks, entryways, and parking areas, NEAR ZERO contains a medium screened material that quickly penetrates and dissolves snowpack and ice.
