# MATERIAL SAFETY DATA SHEET

## CALPRIL

### I. Product Information:

Manufacturer's name, address and telephone number:

Pacific Calcium, Inc.  
32117 Highway 97  
Tonasket, WA 98855

(509) 486-1201

Trade Name: Calpril.

Synonyms: Prilled calcium carbonate, prilled ground limestone, prilled fine ground limestone.

Shipping Name: Ground limestone.

### II. Hazardous Ingredients:

None.

### III. Physical Data:

Finely ground limestone with a binder of lignosulfonate to form prills for ease of handling. Lignosulfonate is a wood derivative used for dust control and as an ingredient in animal feed. It is also a pellet biner for animal feed.

Color: Brown.

Melting Point: Calcium carbonate 825° C.

### IV. Fire and Explosion Data:

Self extinguishing.

### V. Health Hazard Information:

Effects of over exposure: None, harmless and non-toxic.

### VI. General Information:

CaCO<sub>3</sub> is alkaline (pH9) and may be used to neutralize acids. Calpril absorbs moisture readily; must be protected from moisture to retain prilled characteristics.
