DOLOPRIL

I. Product Information:

Manufacturer's name, address and telephone number:

Pacific Calcium, Inc.
32117 Highway 97
Tonasket, WA 98855

(509) 486-1201

Trade Name: Dolopril.

Synonyms: Prilled fine ground calcium carbonate and magnesium carbonate;
prilled calcium carbonate and magnesium carbonate; prilled dolomitic lime.

Shipping Name: Dolomitic Lime; Lime.

II. Hazardous Ingredients:

None.

III. Physical Data:

Finely ground dolomitic lime with a binder of calcium lignosulfonate to form prills for ease of handling. Lignosulfonate is a wood derivative used for dust control and as an ingredient in animal feed. It is also a pallet binder for animal feed.

Color: Brown.

Melting Point: Calcium and Magnesium carbonates 825°C.

IV. Fire and Explosion Data:

Self extinguishing.

V. Health Hazards Information:

Effects of over exposure: None, harmless and non-toxic.

VI. General Informaion:

CaC₃ and MgCO₃ are alkaline (ph8-9), may be used to neutralize acids. Dolopril absorbs moisture readily; must be protected from moisture to retain prilled characteristics. Dolopril supplies to the soil the essential mineral elements Calcium and Magnesium.
