

DoloPril

GRANULATED - PRILLED

Dolomitic LIMESTONE - Calcium and magnesium carbonate

For Turf, Farm, Lawns and Gardens

Easy to use 100 % natural - organic plant nutrient that sweetens the soil and supplies calcium & magnesium. Helps to structure soils and break up clay. Fine particles means that you can use less. Raises soil ph.

Up to 80 % reduction in the need to fertilize.

20% Calcium & 11 % Magnesium

Benefits:

- Easy to apply granules
- Promotes healthy plant growth
Sweetens soil (raises soil *ph*)
- All Natural; 100% certified organic Helps condition clay soils
- Ultra-low in heavy metals
- Helps reduce leaching.
- Gives flavor and crispness to produce
- Listed by O.M.R.I.
- High in calcium (Ca)
- Reduces blossom end rot
- Helps to control moss
- Helps to structure soils
- Reduces internal browning
- Environmental friendly

It is best to soil sample to see if there is a need to add magnesium.

Available in 25, 50 pound bags, tote bags and bulk.
